What are the requirements for DOGSO

What are requirements for SPA

There are at least 5 videos attached to questions to determine the answer

Read question first then apply to video

Do not watch video first then read question

One video does not actually equate to the question

This test is more specific, read questions carefully. Have your book handy. All tests are not the same. There will be different questions. You may go in and out as many times as you want before you submit to the state. Get with other officials and discuss.

We have a discord group where you can submit questions.

MSRAFL.org has all of the board's email addresses so you can send us a question if you are needing help. Visit [here](#) to sign up for Discord

Do not submit if you have a couple questions you are not sure about and need assistance.

WE WILL NOT TAKE THE TEST FOR YOU, but we will help you get through it

We want everyone to get at least a 90% passing for a #1 Ranking.
